

Priscilla rolls into Melbourne.

One of the most successful Australian movies of all time is now a dazzling musical spectacular.

The hit musical is based on the Oscar-winning film that blitzed the box office and caused a sensation around the world. Its fun, daring, over-the-top and unforgettable. It's an `on-stage` road movie with attitude and a busload of outrageous costumes and characters.

Seen by over 450,000 people already, *Priscilla* is an all-Australian production quite unlike any other – featuring 20 full-scale production numbers and a sensational song list including disco hit classics *I Will Survive*, *Finally* and *Shake Your Groove Thing*.

Priscilla tells the funny and moving tale of three fish out of water who head west across the desert from Sydney to Alice Springs to perform a drag show. The flamboyant stars, Bernadette, Tick and Adam, are joined on stage by Priscilla the bus, a glittering custom-built, 6 tonne, \$1 million centrepiece. Keeping them all in check and on the road is Bob the mechanic, played by Aussie screen legend, Michael Caton (The Castle).
